

ITS TEXAS TRAINING

Building an ITS Project Scope of Work (SOW) to Carry Out the Systems Engineering (SE) Process

This course is for transportation agency personnel who know they need to use the systems engineering approach for their project but need help knowing where to start and how to get that done. Participants must have a solid, foundational understanding of systems engineering and the systems engineering process to get the most out of this course.

WHEN: July 27, 2023

**WHERE: City of Austin Permitting and Development Center (COA PDC)
6310 Wilhelmina Delco Dr, Austin, TX 78752**

SEATING IS LIMITED
